LIGHT JET ECONOMY MEETS MID-SIZE COMFORT

2001 CITATION EXCEL

SERIAL NUMBER 560-5139
The Citation Excel allows you to experience the comfort of the mid-size class without sacrificing the economy and mission of a lighter jet.

The aircraft cruises at nearly 500 mph. With a range of nearly 2400 statute miles, it will travel farther than most light jets and without time-consuming fuel stops. The added range does not compromise on short-field performance, allowing you to take advantage of many more airports. Climb to 43,000 ft in 20 minutes to soar above wind and weather.

The spacious cabin offers the same width and height as the Citation X with almost six feet of headroom. The cavernous baggage hold boasts over 80 cu. ft. of storage for luggage, skis, or golf clubs.

The Citation Excel is built to meet your mission with speed, versatility, and efficiency.
Pratt & Whitney ESP Silver Engine Coverage
Honeywell MSP Gold APU Coverage
Gogo L3 Avance Wifi
Spacious, 7-Passenger Interior
Great Short-field Runway Performance
Fly more than 2200 SM Non-Stop w/ 4 Passengers
SPECIFICATIONS - SERIAL NUMBER 560-5139

AIRCRAFT

Total Time Since New 9503 Hours
Total Landings Since New 7447 Landings
Certification Part91
MX Tracking System CESCOM

WEIGHTS
Max Ramp Weight 20,200 Lbs
Max Take-Off Weight 20,000 Lbs
Max Landing Weight 18,700 Lbs
Zero Fuel Weight 15,000 Lbs
Basic Operating 13,081 Lbs
Empty Weight 12,481 Lbs
Max Fuel Weight 6,740 Lbs

- **WiFi**: Gogo L3 Avance Wifi w/ Talk + Text
- **Entertainment**: Airshow 400A
- **Refrigeration Center**: 6 Side Ledge Monitor Receptacles

**Private Aft Lavatory**

- **Features**: Solid Privacy Door

**Exterior**

- **Completion Date**: 2011
- **Overall Finish**: White
- **Detail Finish**: Deep Beige Waterline w/ Navy, and Beige Accents
The high thrust-to-weight ratio, along with the straight-wing design, provides excellent takeoff performance, allowing you to take advantage of airports close-in.
Stretching nearly 19 feet, the cabin provides ample room to work or relax. The seats are fully adjustable and recline to 50 degrees, allowing you to stretch out after a long day.
Advanced soundproofing with sealed insulation packets creates an extraordinarily quiet cabin experience for passengers.
Four stowable executive writing tables make it easy to work on your laptop using the cabin's Gogo WiFi.
Ample storage can be found throughout the cabin, with enough space to accommodate numerous pieces of carry-on luggage and full-sized garment bags.
The forward refreshment center includes a divided ice chest with wine caddy and space for food and drinks.
The private aft lavatory is complete with a solid privacy door, sink, and externally serviceable toilet.
One significant benefit of flying the Excel, or any Citation, is the continuity maintained throughout the entire model series. This standardization simplifies transition training, making flight crews more comfortable and safe in a shorter period of time.
